

## QTS Press Release

Release Date: September 15, 2008

### **QTS Named to Inc. 5000 Fast-Growth Companies List**

#### **Achieves Rank of 2,283 on the 2008 Inc. 5000 with 160.9% Growth over 3 Year Period**

(Morris Plains, NJ and New York, NY) September 15, 2008 – Quality Technology Solutions, Inc. (QTS) and Inc. announced today that Inc. has ranked QTS number 2,283 on its annual ranking of the 5000 fastest-growing private companies in the country. The list is the most comprehensive look at the most important segment of the economy – America’s independent-minded entrepreneurs. Taken as a whole, these companies represent the backbone of the U.S. economy.

“Our second annual Inc. 5000 continues the most ambitious project in business journalism,” said Inc. 5000 Project Manager Jim Melloan. “The Inc. 5000 gives an unrivalled portrait of young, underreported companies across all industries doing fascinating things with cutting-edge business models, as well as older companies that are still showing impressive growth.”

“We are very pleased and proud to achieve this recognition from such a significant and trusted source like Inc. Magazine,” noted QTS President and CEO Neil Rosenberg. “QTS has been able to realize significant year over year growth, without compromising the quality of service we deliver to our customers, and we plan to maintain this as we continue to grow our business.”

QTS offers a broad range of consulting and integration services around the Microsoft platform, and has been a consistent leader around Microsoft technologies, while also integrating solutions from other industry leaders including Citrix, Symantec, NetApp, VMware, Cisco, HP and others. QTS delivers solutions to its customers to meet their business needs and enable IT to more strategically support their businesses, fueling growth for both QTS and its customers.

The 5000 companies that made the list reported aggregate revenue of \$185 billion and median three-year growth of 147 percent. Most important, the 2008 Inc. 5000 companies were engines of job growth, having created more than 826,033 jobs since those companies were founded. Complete results of the Inc. 5000, including company profiles and a list of the fastest-growing companies that can be sorted by industry and region can be found at [www.inc5000.com](http://www.inc5000.com).

#### **Methodology**

The 2008 Inc. 5000 list measures revenue growth from 2004 through 2007. To qualify, companies must be U.S.-based and privately held, independent – not subsidiaries or divisions of other companies – as of December 31, 2007, and have had at least \$200,000 in revenue in 2004, and \$2 million in 2007.
